

DYF's **Circle of Impact** is reserved for our most ardent philanthropists who make an impactful contribution of \$5,000 or more towards DYF's Matching Gift Fund. Joining the **Circle of Impact** is a powerful way to increase the power of your donation while inspiring the DYF community to give at the Annual Gala or Year-End Campaign.

How does your support help DYF? Consolidating and publicizing the generous gifts made by donors like you highlights the strong spirit of philanthropy among the DYF community. By contributing to the **Circle of Impact**, you are inspiring other individuals to support the organization, knowing that their contributions will be matched.

As a member of the Circle of Impact you are:

- Providing immediate access to DYF's programs for under-resourced families
- Helping families find unmatched support and deep understanding
- Helping families receive cutting-edge education delivered by leaders in the T1D field
- Providing a better understanding to our families of the tools available in managing T1D
- Allowing families to find a community that removes the shame, and builds courage, confidence, and competence

Your contribution to the **Circle of Impact** demonstrates that you are one of DYF's greatest supporters and that you are making an investment in helping people with T1D lead full, healthy, beautiful lives, NOW.

As a distinguished member of the Circle of Impact, with your permission, you will:

- Receive podium and print recognition at DYF's annual Gala
- Receive year-end print recognition as a member of our Circle, including DYF's website
- Receive regular updates by DYF's Executive Director with powerful stories from our programs
- Be invited to any number of DYF's programs to see your impact in action

Thank you for your partnership. Together, we are changing lives and creating a community of resilient heroes that face T1D together.

Gifts may be made by check, stock donations or online at dyf.org.

"DYF is an integral part of my daughter's diabetes and self-care. It is the one time of the year she says she feels like "the normal one" and she always returns from camp more confident and proud of who she is. This is the best week of the year for her, every year, and it is a top priority to our family to provide this experience for her." – Parent of a 2017 Teen Camp Participant
